Quality Health Care
For All People
Regardless of Ability to Pay

What is a Community or Migrant Health Center (CHC)?

Each Community and Migrant Health Center is a non profit, community based organization which provides primary health care to members of their community regardless of ability to pay or residency status.

Uninsured patients are charged on a sliding fee scale. The lower their income, the less they pay. CHCs also accept Medicaid, Medicare, Workers Compensation and Private Insurance.

Over 150 CHCs in Florida belong to the Florida Association of Community Health Centers (FACHC), a membership organization which supports their work.

FACHC is home to the Southeast Migrant Health Coordinator, a resource person for farmworkers and their families, advocates and migrant health programs in Florida, Georgia, Alabama and Mississippi.

What Health Services Can I Access at CHCs?

All CHCs, Working with their Community Partners, Offer:

- Primary Medical Care
- Health Screenings
- Immunizations
- Emergency Medical Services
- X-Ray and Lab

Many CHC's Offer:

- Dental Services
- Mental Health Services
- Substance Abuse Services
- Pharmacy

Most CHCs Offer Support Services Including:

- Transportation
- Bilingual Staff
- Help Obtaining Financial Support
- Referrals to Specialty Providers
- Interpreters
- Education and Outreach

Call the CHC in your area for more information.
