Rosie Mendez, National Migrant Education Hotline Specialist, responds to Florida calls on the National Migrant Education Hotline. She provides emergency assistance referral service for those migrant families. Of those calls, in addition to education questions, health issues are very prominent on the list.

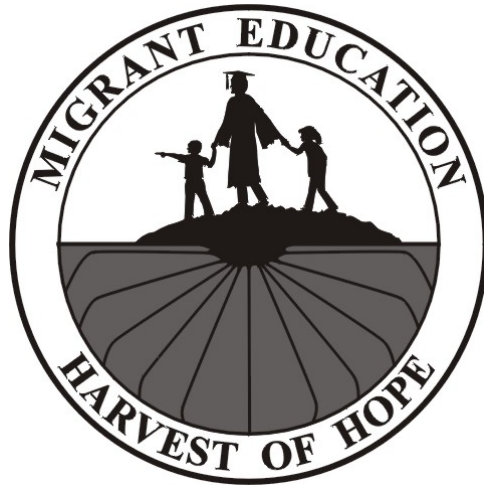

In an effort to better assist migrant families, FMIP Consultant **Zahra Alabanza**, gathered Health Service Information from throughout the state. **Rosie Mendez, Barbie Birt, and Alice O'Hara** added additional information and editing.
